

National Caregiver Support Program

The focus of this program is to support caregivers in their role as direct service providers. Funds are available for caregivers providing direct assistance to loved ones in their home. This funding source provides payment for services such as respite care, adult day care, transportation to respite and adult day care, information and assistance for caregivers, outreach services, caregiver training, adaptive aids and home modifications, grandparent assistance, and referrals to caregiver support groups.

Caregivers can contact the Adult Center/ADRC Office at 608-847-9371 for an application and more detailed information.
